

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **Demetrius Jermaine Knuckles v Department of Corrections**

Docket No. **291139**

L.C. No. **08-001612-AA**

Donald S. Owens, Judge, acting under MCR 7.211(E)(2), orders:

The motion for "Permission to File Only the Original Copy of [Appellant's] Application for Leave to Appeal and Appendix, and an Extra 10 Days to File Said Application" is DENIED. Appellant has not established the necessity of this Court allowing him to file only one copy of his application. Further, because appellant filed one copy of the application subsequent to the filing of the subject motion, his request for additional time to file that copy of the application is now moot.

Appellant shall file four additional copies of the application and four additional copies of the order being appealed within 14 days of the date this order is entered by the Clerk of this Court. Failure to comply with this order shall result in dismissal of the appeal.
